

Fixed Price Statement of Work

Customer Name: Classic Alaska Trading/Big Ray's Alaska, Inc. ("Customer" or "You")

Customer Address: 507 2nd Ave, Fairbanks, AK 99701 United States

SOW Number: US-119220

1. Agreement

This Statement of Work ("SOW") describes the professional services (the "Professional Services") to be performed by Oracle America, Inc. ("Oracle") for Customer (collectively "Parties") pursuant to the applicable agreement governing Oracle's performance of Professional Services (the "PS Terms") listed below (in order of preference, as applicable):

- (i) the Professional Services Addendum to the Subscription Services Agreement entered by and between the Parties,
- (ii) the separate Professional Services Agreement entered by and between the Parties; or
- (iii) if neither (i) nor (ii) are applicable, the Professional Services Agreement found at www.netsuite.com/termservice (or such other URL specified by Oracle).

Once executed by the Parties, this SOW shall be incorporated by reference into the PS Terms. In the event of any inconsistency or conflict between the terms and conditions of this SOW and the PS Terms, the terms and conditions of this SOW shall govern with respect to the subject matter of this SOW only. Capitalized terms used in this SOW shall have the meaning defined under the PS Terms. This SOW may not be modified or amended except in a writing signed by a duly authorized representative of each party. As used in this SOW, "You" or "Your" shall refer to the Customer as defined in the Agreement.

2. Description of Services

Oracle will perform the following Professional Services related to Your one (1) SuiteCommerce Advanced ("SCA") and one (1) SuiteCommerce ("SC") webstore(s) in Your single Oracle|NetSuite instance (the "NetSuite instance"):

A. Project Management:

- 1. Conduct one (1) kick-off webinar session, which is up to (1) hour in duration, to review:
 - a. Project goals and objectives.
 - b. Joint team roles and responsibilities.
 - c. Project scope.
 - d. Project management approach.
 - e. Implementation methodology.
 - f. Project timeline considerations.
 - g. Next steps.
- 2. Create and update the project plan as required during the performance of Professional Services.
- 3. Provide status reports at a mutually agreed interval, but not more than once a week.
- 4. Provide completed cutover checklist.
- 5. Conduct one (1) post go live transition meeting, via webinar, for up to thirty (30) minutes.

B. Provide up to sixteen (16) hours for the following data migration activities:

- 1. Overview of standard NetSuite data templates.
- 2. Overview of comma-separated values ("CSV") import tool.
- 3. Guidance on how to map Your existing data into the NetSuite instance.

C. Conduct a webinar session, covering the following topics, for up to one (1) hour in duration to review Your existing configuration and setup of Your NetSuite instance:

1. Environment and/or business requirements.
2. Enterprise Resource Planning (“ERP”) scripts.
3. Fields and workflows in the Order to Cash process.
4. Third-party integrations.
5. Payment processors.

D. Conduct up to ten (10) configuration sessions, for up to two (2) hours per session, to:

1. Review the list of default webstore features and functions, and Your decision as to whether they will be enabled or disabled on the website.
2. Review with You the action items identified in Section 2.E below.

E. For each webstore SC and SCA, set up and configure the following within the Web to Order process area based on Oracle|NetSuite standard practices, for one (1) ecommerce webstore, for a single instance with a pre-formatted template:

1. Website record:
 - a. Items faceted navigation criteria – configure up to fourteen (14) facets or filters (up to four (4) native and up to ten (10) custom).
 - b. Items search criteria – configure up to three (3) item fields.
 - c. Items sort criteria – configure up to three (3) item fields.
 - d. Credit card processing gateway for webstore – up to one (1).
 - e. Enable or disable new user registration.
 - f. Enable or disable password recovery (via password reset email).
 - g. Standard email template – up to one (1).
 - h. Cross sell items – up to five (5).
 - i. Configure up to two (2) personalized catalog views.
2. Other website functionality:
 - a. Product Compare – up of up to five (5) comparison attributes.
 - b. Item Badges – up to three (3) pre-configured badges.
 - c. Back in Stock notification – up to one (1) online form and one (1) email template.
 - d. Size Chart – up to one (1) content page to include all size conversion charts.
 - e. 404 (Page Not Found) landing page layout – up to one (1) landing page to display “Page Not Found” message.
3. Functional landing pages:
 - a. Store Locator – up to one (1) landing page to display configured locations (from NetSuite location record) using Google Maps.
 - b. Quick Order page – enable or disable the functionality of one (1) landing page to enable users with a quick set of input fields to type an item-identification attribute and add to cart.
 - c. Setup up to three (3) item identification attributes to use on the item search.
4. Main theme elements:
 - a. Header – enable or disable mini cart.
 - b. Top-navigation links and titles – up to seven (7).
 - c. Social media links – up to five (5).
 - d. Newsletter signup form – up to one (1).
5. Homepage:
 - a. Up to one (1) sliding banner.
 - b. Up to three (3) static content boxes (featured content).
 - c. Up to two (2) merchandizing zones (featured items).
6. Item list page (enable or disable):
 - a. Item list page multi-view (list, grid and table views).
 - b. Quick View functionality.
 - c. Recently Viewed Items.
 - d. Faceted navigation functionality, as configured in Section 2.E.1 above.
 - e. Product Compare, as configured in Section 2.E.2 above.
 - f. Infinite Scroll capability.
 - g. Item Badges, as configured in Section 2.E.2 above.
7. Category page layout (enable or disable):
 - a. Up to one (1) merchandizing zone at top.
 - b. Product Compare, as configured in Section 2.E.2 above.

- c. Infinite Scroll capability.
 - d. Item Badges, as configured in Section 2.E.2 above.
- 8. Product detail page (enable or disable):
 - a. Product Images Slider with zoom.
 - b. Product Reviews and Ratings.
 - c. Action buttons (add-to-cart, add-to-quote, add-to-wish-list).
 - d. Correlated-Items list (upsell, related).
 - e. Quantity pricing table.
 - f. Lead Time display.
 - g. Item Badges, as configured in Section 2.E.2 above.
 - h. Size Chart, as configured in Section 2.E.2 above.
 - i. Back in Stock notification, as configured in Section 2.E.2 above.
 - j. Matrix item dependable selections of available options, displaying specific image when selected.
- 9. Shopping cart (enable or disable):
 - a. Line-item options editing.
 - b. Shipping and tax estimator.
 - c. Recently Viewed Items.
 - d. Save For Later action button.
 - e. Items display (upsell and cross-sell).
 - f. Promo code/gift-certificate input.
- 10. Checkout:
 - a. Configure up to one (1) of the following checkout flow options:
 - i. One-page checkout.
 - ii. Shipping first multi-step checkout.
 - iii. Billing first multi-step checkout.
 - b. Guest checkout functionality (enable or disable).
 - c. Custom transaction body fields – up to five (5).
 - d. Guest order status check.
- 11. My Account (enable or disable the display):
 - a. Pages (order and transaction history, profile and address book management, accounts balance, invoices and payments, credit card management, return requests, quotes, manage product list).
 - b. Case management page (up to one (1) online case form).
 - c. Print statements action button.
- 12. Email notifications:
 - a. Configure native order confirmation, order cancelled, and order shipped notifications.
- 13. Webstore theme branding – configure the SCA and SC application using a pre-formatted theme with the following components:
 - a. Up to one (1) company logo at header top-left section.
 - b. Up to one (1) website general color scheme:
 - i. Background.
 - ii. Theme primary color.
 - iii. Theme secondary color.
 - iv. Call to action color.
 - c. Up to one (1) website font.

F. Provide up to six-hundred sixty (660) hours of assistance with the following ecommerce related tasks:

- 1. In your instance of SuiteCommerce:
 - a. Configure Buy-online pickup in store and advanced order management.
 - b. Assist in the integration of Vend POS, gift cards and loyalty program.
 - c. Configure a Cash on Delivery (“COD”) Payment option.
- 2. In your instance of SuiteCommerce Advanced:
 - a. Configure Buy-online pickup in store and advanced order management.
 - b. Assist in the integration of Vend POS, gift cards and loyalty program.
 - c. Configure a Cash on Delivery (“COD”) Payment option.
 - d. Customize your Theme to display a selected customer logo from the customer record upon login.
 - e. Customize customer account for access to B2B specific features:
 - i. Order approvals

- ii.Registration approvals.
- iii.Spending limits.
- iv.Embroidery submission.
- f. Customize the My Account Case form to allow for submission of file(s) for embroidery set-up.

G. Up to twenty (20) hours to configure the following:

- 1. Google Analytics – track website behavior, page hits in shopping area, items in cart and order conversions including, but not limited to, store name, shipping, state and country.
- 2. Google AdWords – track website behavior from ad-click activity and conversion.
- 3. Digital Marketing:
 - a. Review Your website structure and Uniform Resource Locator (“URL”) format.
 - b. Analyze current Google Analytics setup and Key Performance Indicators (“KPIs”).
 - c. Analyze current organic traffic.
 - d. Review up to one (1) file for the 301 redirects data import.

H. User Acceptance Testing (“UAT”):

- 1. Assist with up to one (1) UAT planning session for up to one (1) hour.
- 2. Create a UAT plan.
- 3. Provide You with standard UAT test plan templates and sample test scenarios.
- 4. Provide up to eight (8) hours, which must be utilized by You within a period of ten (10) consecutive business days, to assist You with UAT issue resolution.

I. Conduct two (2) performance review session for each webstore, for up to ten (10) hours each, to review the following:

- 1. Websites – up to one (1).
- 2. Environments – up to one (1).
- 3. Keynote scripts – up to one (1).
- 4. Up to one (1) initial performance review at the commencement of the Professional Services.
- 5. Keynote script maintenance – up to one (1).
- 6. Performance reporting – up to four (4) sessions, for up to thirty (30) minutes per session, to measure Your website's pages load times.
- 7. Conduct up to one (1) checkpoint review for up to one (1) hour, prior to Go-Live.

J. Post-Go-Live Support:

- 1. Provide up to twenty (20) hours of post Go-Live support, which must be utilized by You within a period of thirty (30) consecutive business days not to exceed the Professional Services Period. Post Go-Live support may consist of the following:
 - a. Trouble shooting and addressing production issues.
 - b. Instruction on the Oracle|NetSuite Support Services process.
 - c. Identification of further optimization requirements.
 - d. End user assistance.

3. Your Obligations and Project Assumptions

You acknowledge that Your timely provision of and access to office accommodations, facilities, equipment (if applicable), and assistance, cooperation, complete and accurate information and data from Your officers, agents, and employees (collectively, “cooperation”) are essential to the performance of any Professional Services as set forth in this SOW. Oracle will not be responsible for any deficiency in performing Professional Services if such deficiency results from Your failure to provide full cooperation. You acknowledge that if Oracle’s cost of providing Professional Services is increased because of Your failure to meet the obligations listed in this SOW, failure to provide cooperation, or because of any other circumstance outside of Oracle’s control, then You agree to pay Oracle for such increased costs. Such increased costs may include time during which Oracle resources are under-utilized because of delays.

You acknowledge that Oracle’s ability to perform the Professional Services depends upon Your fulfillment of the following obligations and the following project assumptions:

3.1. Your Obligations

- 1) Obtain a subscription to the service under separate contract prior to the commencement of Professional Services under this SOW and maintain such subscription for the duration of the Professional Services provided under this SOW.
- 2) Provide Oracle with full access to the relevant documentation and the relevant functional, technical and business resources with adequate skills and knowledge to support the performance of Professional Services.
- 3) Provide, for all Oracle resources performing Professional Services at Your site, a safe and healthful workspace (e.g., a workspace that is free from recognized hazards that are causing, or likely to cause, death or serious physical harm, a workspace that has proper ventilation, legally acceptable oxygen concentration levels, sound levels acceptable for resources performing Professional Services in the workspace, and ergonomically correct work stations, etc.).
- 4) Provide any notices, and obtain any consents, required for Oracle to perform Professional Services.
- 5) Limit Oracle's access to any production environments or shared development environments to the extent necessary for Oracle to perform Professional Services.
- 6) When Professional Services will be performed on-site at customer location in the US, as required by U.S. Department of Labor regulations (20 CFR 655.734), You will allow Oracle to post a Notice regarding Oracle H-1B employee(s) at the work site prior to the employee's arrival on site.
- 7) Be responsible for ensuring that common, consistent functional processes exist across Your organization; including any applicable parent and subsidiary companies (e.g. there will be one common Order to Cash process across the entire organization).
- 8) Be responsible for performing a production refresh of the sandbox at the start of the project.
- 9) Do not film or record Oracle's delivery of Professional Services, Oracle resources, or any Oracle materials.
- 10) If while performing Professional Services Oracle requires access to other vendor's products that are part of Your system, You will be responsible for acquiring all such products and the appropriate license rights necessary for Oracle to access such products on Your behalf.
- 11) Provide written notice of Your need to temporarily pause the performance of the Professional Services under this SOW, in order to complete Your assigned tasks and/or obligations, at least five (5) business days prior to any such pause. Your written notice must be received by Oracle five (5) business days prior to the pause, and the pause will be limited to a maximum of ten (10) business days.
- 12) Be responsible for procuring any third-party fees and/or services.
- 13) Provide a detailed explanation of the current system architecture, specifically integrations, customization that have been deployed prior to the commencement of the Professional Services.
- 14) Prior to the kick-off webinar session, Your designated attendee as agreed between You and Oracle will attend pre-requisite SuiteCommerce Webstore Administration training.
- 15) Notify Oracle within two (2) business days about any inaccuracies or incomplete information in project documents provided by Oracle to You.
- 16) Ensure the NetSuite Advanced Order Management module is installed and configured prior to the commencement of the Professional Services identified in Section 2.E above.
- 17) Develop any necessary end-user documentation, including, but not limited to, documenting specific business practices, data examples and organization/end-user specific policies and procedures.
- 18) Be responsible for planning, executing, and managing all aspects of the system review, including preparing and executing test cases and plans and reviewing test results.
- 19) Modify Your processes as necessary to comply with the standard functionality in the NetSuite instance.
- 20) Provide the following information for the display and configuration of the website:
 - a. Item-related information.
 - b. Categories and categorization.
 - c. Images.
 - d. Content of landing pages.
 - e. Customer related information.
- 21) Be responsible for extracting the data from source systems, cleaning it and translating it in format specified by Oracle and loading in NetSuite instance within one (1) week from the kick-off webinar session.
- 22) Be responsible for validating the final list data and transactional data within two (2) weeks from the kick-off webinar session.
- 23) Maintain responsibility for the implementation of file-based interfaces in Your existing systems including production and consumption of file-based interfaces by non-Oracle systems.

- 24) Ensure that Your team members complete their obligations related to the Professional Services and their assigned tasks under the project work plan.
- 25) Be responsible for post-production maintenance and support of the NetSuite instance.
- 26) Be responsible for data migration and system integrations between the NetSuite instance and legacy applications.
- 27) Be responsible for any remediations required, that are detected after performing the current state analysis in Section 2.D.2 above.
- 28) Procure, if required, a Google Analytics account and provide Oracle with authorized access to Your Google Analytics account to facilitate the collection of website data, and enable Oracle to access Your Google Analytics account, if required, via the use of a third-party application program interface (“API”) agreed to by Oracle.
- 29) Provide all images (to include product items, shipping items, information items and categories), materials or other content that Oracle will integrate into Your Customer’s website as part of the Professional Services described above and obtain all proper licenses for any such images, materials and content.
- 30) Prior to the commencement of Services, designate and identify a business resource that will be responsible for coordinating Your participation in this project and provide on-going support for Your implementation of the NetSuite instance. Responsibilities include, but are not limited to, the following:
 - a. Provide user feedback during configuration and validation;
 - b. Be available as needed during the project to answer Oracle’s questions and provide business decisions; and
 - c. Provide on-going support to internal users after the performance of the Professional Services.
- 31) Be responsible for acquiring any font-licensing and assets required for Your user on the NetSuite ecommerce website.
- 32) Be responsible for setting up and configuring a Payment Gateway service obtained from a current NetSuite SuitePayments partner for use on the webstore.
- 33) Be responsible for the configuration of NetSuite native Tax engine for use on the webstore.
- 34) Be responsible for the configuration of NetSuite native Shipping Tables with fixed rates for use on the webstore.
- 35) Reviewing the setup and testing of the Professional Services described above as part of UAT.
- 36) UAT Obligations:
 - a. Validate and, if necessary, modify UAT template test scenarios.
 - b. Define additional UAT test scenarios as needed.
 - c. Be responsible for and complete UAT in line with testing scenarios.
 - d. Be responsible for removing all UAT data prior to Go-Live.
- 37) Data Migration Obligations:
 - a. Provide conversion data in CSV file formats documented in the template located in the NetSuite instance.
 - b. Perform data encryption, extraction, consolidation, cleansing and mapping to the appropriate service fields for all data import activity.
- 38) Perform cutover tasks assigned to You as identified in the cutover checklist.

3.2. Project Assumptions

- 1) All Professional Services are performed remotely.
- 2) All communications are in English.
- 3) Oracle resources are not dedicated to any single project and are engaged across many projects for various customers.
- 4) Any Professional Services not expressly included in the above Description of Services are considered out of scope.
- 5) Any and all hours outside normal business hours and/or in excess of ten (10) hours per day per Oracle resource or fifty (50) hours per week per Oracle resource require the prior written consent of Oracle.
- 6) Project timeline estimates are based on availability of Your resources and key decision makers. Lack of access or change to project stakeholders will impact project timelines and costs if decisions cannot be made in a timely fashion.
- 7) Owing to the uncertainties of the evolving Covid-19 situation, the provision of any onsite Professional Services under this SOW is subject to the delivery resources being permitted and able to perform such Professional Services taking into consideration applicable laws and regulations, including those pertaining to health, safety and mobility (whether in the country of service provision and/or the country of location of the delivery resources). If the provision of any on-site Professional Services is negatively impacted due to circumstances related to or arising from the Covid-19 situation, Oracle and You agree to cooperate in good faith to review such impact and, if necessary, amend any resource plans, work plans, service specifications, time schedules and the like in accordance with the Change Control Process of this SOW. For the avoidance of doubt, this section is without prejudice to the Parties’ rights and obligations under the force majeure clause of the PS Terms.
- 8) The Professional Services described above will be limited to supported browsers. Oracle’s updated published list of supported browsers can be found on SuiteAnswers within Your system by searching for “supported browsers” in the search tool and clicking on the resulting document. Notwithstanding the foregoing, Oracle may in its sole discretion de-

support or refuse to perform Professional Services on any supported web browsers or mobile device operating system that it believes to be vulnerable or otherwise insecure and will inform You of such decision.

- 9) You and Oracle understand and acknowledge that go-live occurs upon cut-over to Your production environment (“Go-Live”) and that post Go-Live support begins at cut-over.
- 10) Standard functionalities will not be documented.
- 11) Only one (1) single subsidiary will be associated with the webstore.
- 12) SuiteCommerce Web Store will have a single defined base currency and a single defined language:
 - a. Currency for the webstore will be in US Dollars.
 - b. Language for the webstore will be English.
- 13) Website performance metrics will be compared against Oracle standards, as well as the current industry benchmarks. Performance reporting will canvass the following website pages:
 - a. Homepage.
 - b. Search.
 - c. Category.
 - d. Item (product detail page).
 - e. Proceed to checkout.
 - f. Login.

4. Pricing & Payment Terms

Fixed Fees: The pricing set forth in this SOW represents the fixed fees for the Professional Services set forth in this SOW. Additional discounts (if any) for these Professional Services will be reflected in Your Estimate/Order Form that references this SOW and/or these Professional Services. In the event of a conflict between the pricing set forth in this SOW and the pricing set forth in Your Estimate/Order Form governing this SOW and/or these Professional Services, then the pricing set forth in Your Estimate/Order Form shall govern and control.

You agree to pay Oracle the fees as specified in the Estimate/Order Form for the Professional Services described in this SOW. This fee is invoiced in advance of Professional Services being performed and does not include expenses, if applicable, or taxes. The fee for Professional Services and any applicable taxes shall be invoiced in full upon Your execution of and Oracle’s acceptance of the Estimate/Order Form, upon which the fee becomes due and payable, as per the payment terms in the estimate or Services Order; this payment obligation is noncancelable and the sums paid non-refundable, except as otherwise may be provided in the PS Terms. Other expenses related to the providing of the Professional Services are specified in Your Estimate/Order Form. Such expenses will be invoiced monthly as they are incurred.

Any expenses (as described below) are not included in the fixed fees and are an additional cost to You. The payment obligation is noncancelable and sum paid non-refundable except as otherwise expressly provided in Your Estimate/Order Form.

You acknowledge that the fixed price is based solely on the information provided to Oracle and the assumptions documented in this SOW. Any requirement(s) not included herein or items not contemplated will be considered outside of the fixed price scope and will be handled through the Change Control Process defined below, and may result in additional cost. The total fees for this SOW are as follows:

Professional Services Fees	
Professional Services	\$184,400.00 USD
Total Professional Services Fees (excluding expenses described below)	\$184,400.00 USD

- a) **Payment Terms.** Unless otherwise noted in Your Estimate/Order Form, fees are due Net 30 from invoice date.
- b) **Expenses:** Reasonable travel and living expenses required in connection with delivering the Professional Services will be incurred in accordance with Oracle’s internal travel and expense policy and billed monthly as incurred to You as actual charges in addition to the Professional Services fees.

5. Project Management

You and Oracle each agree to designate a project manager who shall be responsible for coordinating its activities under this SOW. You and Oracle each shall direct all inquiries concerning the Professional Services to the other party's project manager. Your project manager shall have the authority to approve Professional Services on Your behalf. Oracle's project manager shall have the sole right to exercise direct control and supervision over the work assignments of Oracle resources.

6. Additional Terms

6.1 Unused Services.

The Professional Services herein must be completed within **twelve (12) months** from the signature date of the Estimate/Order Form ("Professional Services Period"). Any portion of the Professional Services not used within the Professional Services Period will be automatically forfeited by You, with no further action required of either party, and You will not be entitled to a refund, or any credit toward additional or other Professional Services, for any unused portion of the fees paid for any unused portion of the Professional Services. You may not apply any portion of unused Professional Services or fees paid, for any Professional Services other than the Professional Services stated in this SOW. In order for Oracle to provide Professional Services to You after the Professional Services Period, You and Oracle shall mutually agree, in writing, under a separate Estimate/Order Form and SOW, to the terms and fees for such Professional Services.

6.2 Change Control Process.

Any request for any change in Professional Services must be in writing; this includes requests for changes in project plans, scope, specifications, schedule, designs, requirements, service deliverables, software environment, hardware environment or any other aspect of Your order. Oracle shall not be obligated to perform tasks related to changes in time, scope, cost, or contractual obligations until You and Oracle agree in writing to the proposed change to this SOW.

7. Signatures

The Parties acknowledge that they have had previous discussions related to the performance by Oracle of professional services for You and the possible strategies which may be used by Oracle to implement the functionality described in Oracle's User Guides and in other related documentation (available at www.netsuite.com) as well as possible "workarounds," which may be implemented to achieve special requirements identified by You. This SOW and the Estimate/Order Form (including any Exhibits hereto) (and the PS Terms) shall constitute the entire understanding between You and Oracle and is intended as the final expression of the Parties' agreement regarding the Professional Services to be provided by Oracle. The Parties expressly disclaim any reliance on any and all prior agreements, understandings, RFPs, verbal and/or written communications related to the Professional Services to be provided by Oracle. Any amendment or modification to this SOW shall not be valid, enforceable, or binding on the Parties unless such amendment or modification (i) is a written instrument duly executed by the authorized representatives of both Parties and (ii) references this SOW and identifies the specific Sections contained herein which are to be amended or modified. This SOW may be executed in counterparts and/or by facsimile or electronic signature and if so executed shall be equally binding as an original copy of this SOW executed in ink by both Parties.

This SOW is valid through **May 31, 2022** and shall become binding upon execution by You and acceptance by Oracle.
